

MSTAR FOUNDATION was established by the family of Michelle Lee Sanderbeck in the year 2006 to vigorously instill the message that safe driving begins at home, behind the wheel and in our school systems. The MStar Foundation is an effort to educate, raise awareness to parents and teens of the potential hazards in teen driving and commemorate Michelle (and other teens), who lost their life in a related teen automobile accident. Car Crashes are the Number One Killer of teens today, Over 11 teens are killed each day from inexperienced driving. We can curtail this number by bringing the MStar Simulated Drivers Education back into our schools systems. "It's a Life Long Learning Skill They May Help Save a Life"!
